

Comparison

Another new feature in Parker on the Web is the ability to compare your chosen Parker manuscript to any other digitised manuscript with a IIIF manifest. Use the three dot icon and move to the 'compare to' button. Then you can paste your chosen IIIF manifest into the box and press compare.

Now you can move through, and manipulate, both manuscripts on the screen just as you would do for any Parker on the Web manuscript.

If you have any questions, please contact us at parker-library@corpus.cam.ac.uk.
